Social Media Marketing is the process of promoting a brand, product, or service through social media platforms like Instagram, Facebook, YouTube, and LinkedIn to increase brand awareness, engagement, and sales.

 Impressions: The total number of times a post is displayed, including multiple views by the same person.

 Engagement: The interactions people have with a post, such as likes, comments, shares, and saves.

A Content Calendar is a schedule that organizes social media posts by date, time, platform, and content type. It helps maintain consistency, plan content in advance, and manage social media activities efficiently.

Task : 5
