Section A – Basics

Task : 1

PPC (Pay-Per-Click) is an online advertising model in which advertisers pay whenever someone clicks on their advertisement.

Example: A bakery runs a Google Ads campaign for “Best Bakery in Rajkot.” When a customer clicks the ad, the bakery pays Google for that click.

Task : 2

PPC	SEO
PPC stands for Pay-Per-Click.	SEO stands for Search Engine Optimization.
It involves paid advertisements.	It focuses on improving organic search rankings.
Results can start quickly after ads are approved.	Results usually take time.
Advertisers pay for each ad click.	There is no direct payment to search engines for organic clicks.
Traffic generally stops when ads stop running.	Organic traffic can continue without running ads.

Task : 3

Quality Score is a Google Ads diagnostic rating from 1 to 10 that estimates the quality and relevance of an ad compared with other advertisers.

The three main factors are:

1. Expected CTR: The likelihood that users will click the ad.
2. Ad Relevance: How closely the ad matches the user's search.
3. Landing Page Experience: How relevant, useful, and easy to navigate the landing page is.

Task : 4

CTR (Click-Through Rate) is the percentage of people who click an advertisement after seeing it.

\[\text{CTR} = \frac{\text{Total Clicks}}{\text{Total Impressions}} \times 100 \]

Example: If an ad receives 50 clicks and 1,000 impressions:

$$ \text{CTR}=\frac{50}{1000}\times100=5\% $$

Therefore, the CTR is 5%.

Task : 5

Landing Page Quality is important because it helps users find relevant information after clicking an advertisement. A good landing page can improve conversions, user experience, and Google Ads performance.

Important elements include:

- Relevant content matching the advertisement.
- Fast page loading speed.
- Mobile-friendly design.
- Clear call-to-action (CTA).
- Easy navigation and trustworthy information.

Example: If an ad promotes bakery cakes, its landing page should display cakes, prices, and an easy ordering option. This helps visitors take action and can improve campaign results.

Section B – Practical Tasks

Task : 1

Keyword Research — Café Business

Business selected: Café / Coffee Shop Target location: India Currency: Indian Rupees (₹)

1. Primary Keywords — 10

Primary keywords are short, general keywords that describe the main products or services of a business.

No.	Primary Keyword	Monthly Search Volume (Approx.)	CPC (Approx.)
1	Cafe	10,000	₹8
2	Coffee shop	8,000	₹10
3	Cafe near me	20,000	₹12
4	Best cafe	5,000	₹10
5	Coffee near me	15,000	₹10
6	Best coffee shop	4,000	₹12
7	Cafe menu	3,000	₹5
8	Coffee shop near me	12,000	₹12
9	Cold coffee	8,000	₹6
10	Cafe with wifi	2,000	₹8

2. Long-Tail Keywords — 10

Long-tail keywords are more specific search phrases. They help target customers who are looking for a particular product, service, or experience.

No.	Long-Tail Keyword	Monthly Search Volume (Approx.)	CPC (Approx.)
1	Best cafe near me for couples	1,000	₹10
2	Affordable cafe near me	800	₹8
3	Best coffee shop for students	500	₹7
4	Cafe with free wifi near me	600	₹9
5	Best cold coffee near me	1,000	₹8
6	Cafe for birthday celebration	700	₹12
7	Best cafe for family outing	500	₹10

8	Coffee shop with outdoor seating	400	₹8
9	Cafe offering breakfast near me	600	₹10
10	Best cafe for working on laptop	300	₹7

The figures above are sample estimates for assignment purposes, not verified keyword-tool results. Search volumes depend on the selected location and date range.

3. Conclusion

Keyword research helps a café understand what customers search for on Google. Primary keywords target broader searches, while long-tail keywords target more specific customer needs. A café can use these keywords in its website content, title tags, meta descriptions, Google Business Profile and Google Ads campaigns.

For accurate data, use Google Ads Keyword Planner. It provides average monthly searches and estimated advertising bids based on the selected location and settings.

Task : 2

Create Google Search Ad

1. Business Details

- Business Name: The Coffee House
- Ad Type: Google Search Ad
- Campaign Objective: Website Traffic
- Target Location: Rajkot, Gujarat
- Target Audience: Coffee lovers, students and working professionals

2. 10 Headlines

Google Responsive Search Ad mein ye headlines use kar sakte hain.

No.	Headline
1	Best Cafe in Rajkot
2	Fresh Coffee & Snacks
3	Visit The Coffee House
4	Enjoy Delicious Coffee
5	Your Perfect Coffee Spot
6	Relax With Great Coffee
7	Coffee & Tasty Treats

8	Cozy Cafe Near You
9	Quality Coffee, Great Taste
10	Visit Us Today

3. Four Descriptions

1. Enjoy freshly brewed coffee and delicious snacks in a cozy and welcoming atmosphere.
2. Looking for a cafe in Rajkot? Visit The Coffee House for great coffee and tasty treats.
3. Meet friends, relax, and enjoy your favourite coffee. Discover your new favourite cafe.
4. Experience quality coffee and friendly service. Visit The Coffee House today!

4. Final URL

The Final URL is the webpage customers visit after clicking the ad.

https://www.example.com/

5. Path (Display URL)

The display URL is the shortened URL shown in the advertisement.

- Path 1: cafe
- Path 2: coffee

Example display URL: www.example.com/cafe/coffee

6. Ad Extensions (Assets)

A. Sitelink Assets

These links help users navigate to specific pages on your website.

Sitelink Title	Description
Our Menu	Explore coffee and snacks
About Our Cafe	Learn about our cafe
Contact Us	Find contact information
Visit Our Cafe	Check our location

B. Callout Assets

Short benefits displayed with the ad.

- Freshly Brewed Coffee
- Cozy Atmosphere
- Quality Ingredients

- Friendly Service
- Tasty Snacks
- Perfect Hangout Spot

C. Call Asset

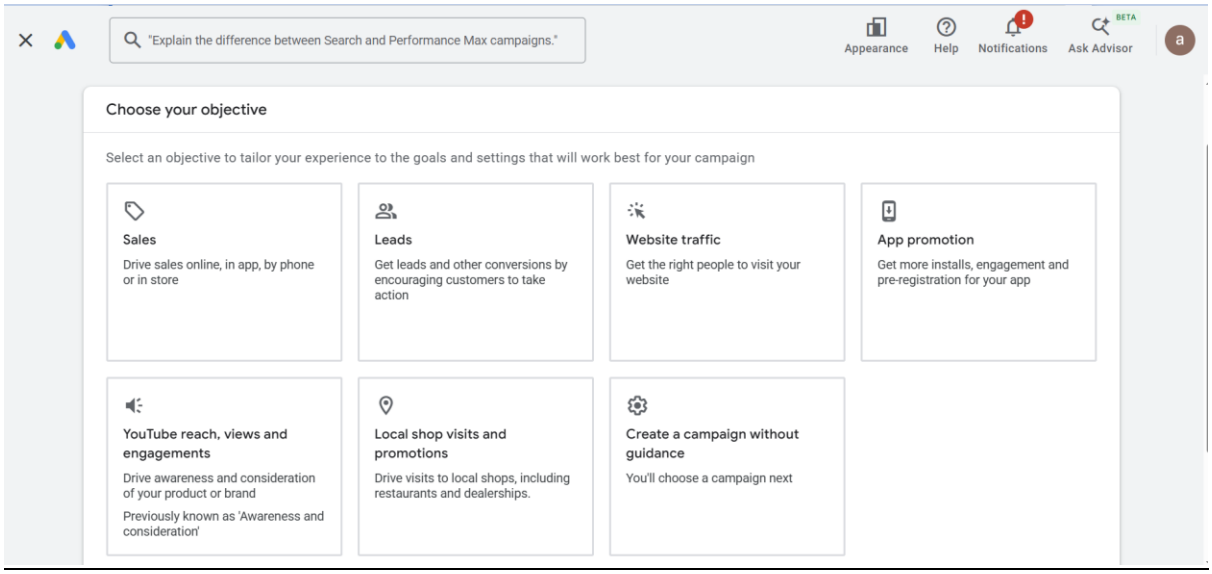

Allows users to call the business directly from the ad on supported devices.

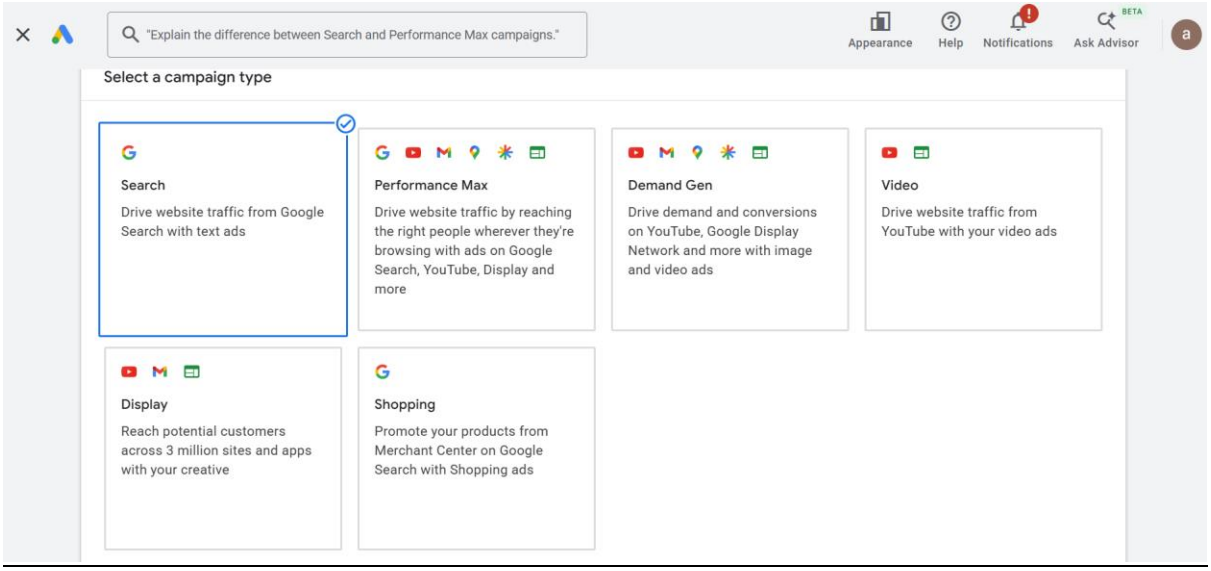

- Business Name: The Coffee House
- Phone Number: 9876543210 (sample number — replace with the actual business number)

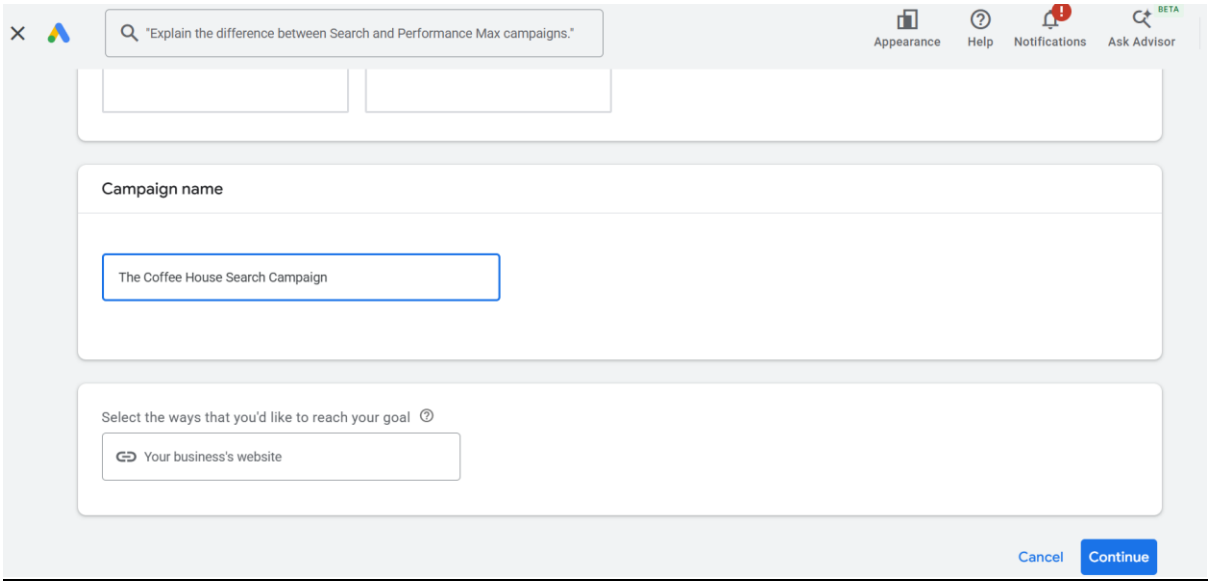

D. Structured Snippet Asset

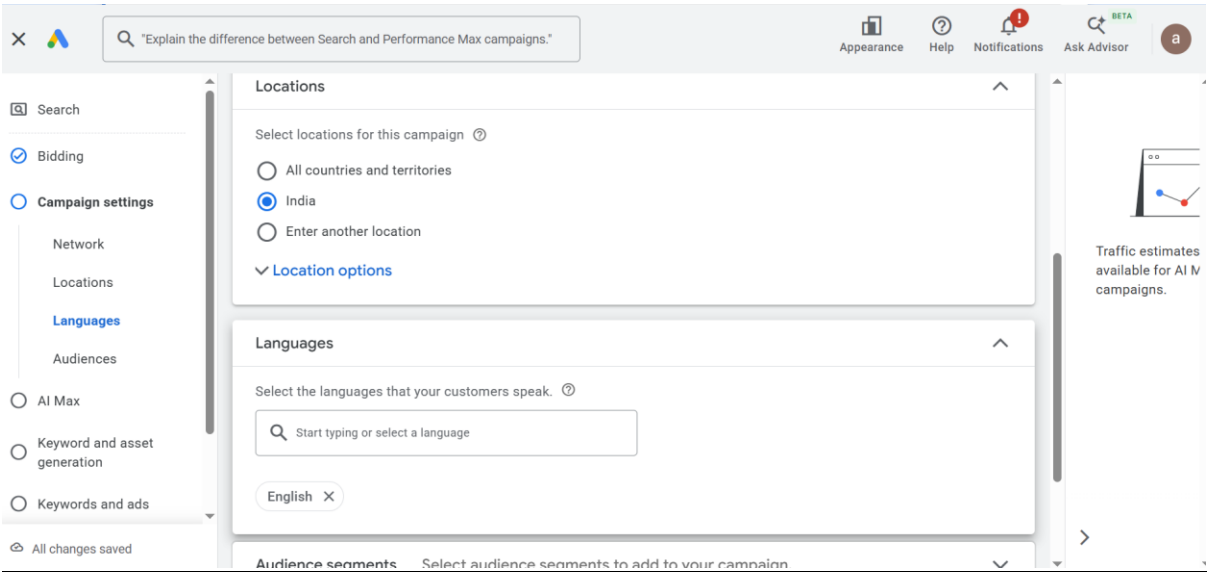

- Header: Types
- Values: Espresso, Cappuccino, Latte, Cold Coffee, Mocha

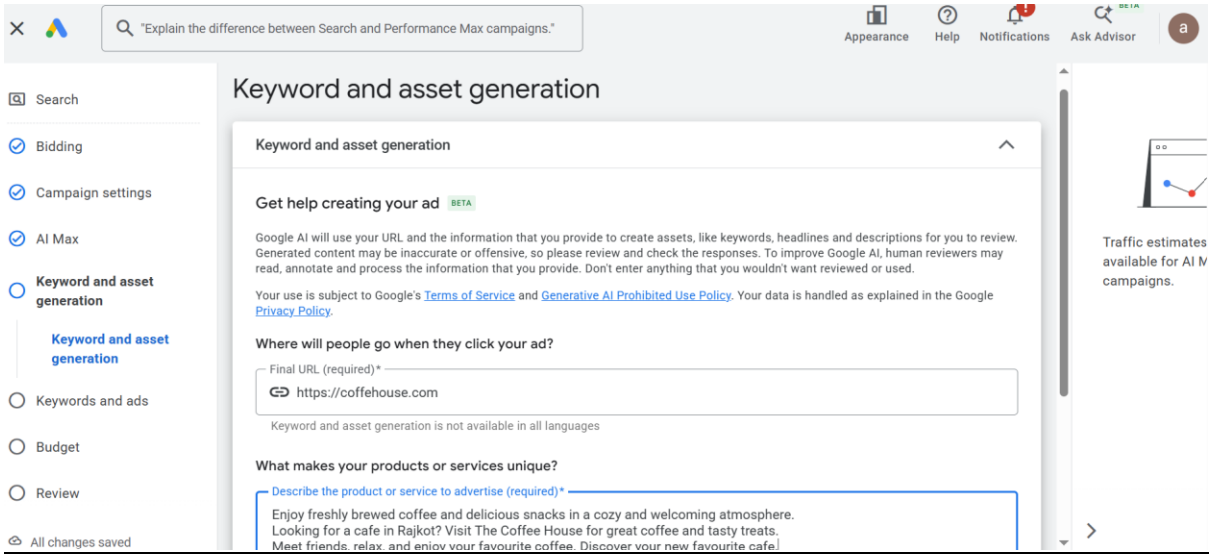

Structured snippets highlight specific products or services offered by the business.

Task : 3

Campaign Structure – Google Ads

Selected Business: Café

1. Campaign Objective

- Campaign Name: Café Search Campaign
- Campaign Type: Google Search Ads
- Campaign Objective: Website Traffic and Customer Visits
- Target Location: Rajkot, Gujarat
- Target Audience: People searching for cafés, coffee, snacks and places to hang out in Rajkot.
- Bidding Strategy: Maximize Clicks
- Daily Budget: ₹500

2. Ad Groups

Ad Group 1: Coffee & Beverages

Purpose: Target customers searching for coffee and beverages.

Keywords	Match Type
coffee shop	Broad Match
"coffee shop near me"	Phrase Match
[best coffee shop in Rajkot]	Exact Match
"café near me"	Phrase Match
[best café in Rajkot]	Exact Match

Ad Group 2: Café & Snacks

Purpose: Target customers searching for cafés offering snacks and a place to relax.

Keywords	Match Type
café with snacks	Broad Match
"cafes in Rajkot"	Phrase Match
[best café for friends in Rajkot]	Exact Match
"sandwich and coffee shop"	Phrase Match
[café with snacks near me]	Exact Match

3. Negative Keywords

Negative keywords prevent ads from showing for irrelevant searches.

Negative Keyword	Reason
jobs	Avoid job seekers
free	Avoid people looking only for free items
recipe	Avoid people looking for recipes
wholesale	Avoid wholesale-related searches
franchise	Avoid franchise inquiries
online course	Avoid people searching for courses
coffee machine	Avoid people wanting to buy equipment

4. Final Campaign Structure

Campaign: Café Search Campaign

Objective: Website Traffic

Ad Group 1

Coffee & Beverages

5 keywords

Ad Group 2

Café & Snacks

5 keywords

Shared Negative Keywords

jobs · free · recipe · wholesale · franchise · online course · coffee machine

Section C – Display Ads Task

Task :1

Display Ad Assignment

Business Chosen: FitLife Fitness (Gym) Campaign Name: Stronger Every Day Objective: Attract new gym members and increase membership registrations.

1. Display Ad Size 1

- Size: 300 × 250 pixels
- Format: Medium Rectangle
- Platform: Google Display Network

Display Ad Size 2

- Size: 728 × 90 pixels
- Format: Leaderboard Banner
- Platform: Google Display Network

2. Display Ad Content

Element	Content
Headline	Stronger Every Day
Description	Expert trainers, modern equipment and a supportive community to reach your fitness goals.
CTA	Learn More
Image Idea	A fit woman exercising with dumbbells in a modern gym
Brand Logo Placement	Top-left corner
Colors to Use	Lime Green, Dark Charcoal, White and Gray

3. Targeting Plan – FitLife Fitness

Selected Targeting Method: Audience Interest Targeting

Who will see your display ad?

People aged 18–45 who have shown interest in:

- Fitness and gym workouts
- Health and wellness
- Weight loss and muscle building
- Personal training
- Healthy lifestyle and nutrition
- Gym memberships and workout plans

Why did you choose this targeting?

I chose Audience Interest Targeting because it helps FitLife Fitness reach people who are already interested in fitness and healthy living.

These people are more likely to notice the advertisement, click the CTA button, explore gym facilities, and purchase a membership.

This targeting method helps increase brand awareness, attract potential customers, improve engagement, and achieve better advertising results.

Section D – Mini Project

Section D – Mini Project: Complete PPC Strategy

Business Name: Power Sales Agency

Business Type: Agricultural Machinery and Equipment
Location: Gujarat, India
Products: Power Reaper, Power Weeder, Power Thresher, and Agricultural Machinery Spare Parts.

1. Campaign Goal

The main goal of this PPC (Pay-Per-Click) campaign is to generate qualified leads from farmers, agricultural equipment dealers, and other potential buyers in Gujarat.

Objectives:

- Generate enquiries through phone calls and WhatsApp.
- Increase awareness of agricultural machinery products.
- Drive relevant traffic to the business landing page.
- Promote Power Reaper, Power Weeder, and Power Thresher.
- Achieve leads at a reasonable cost.

Campaign Type: Google Search Ads and Google Display Ads.

Target Audience: Farmers, agricultural machinery buyers, dealers, and rural business owners in Gujarat.

2. Budget Split (₹10,000 Sample Budget)

The campaign will run for 30 days with a total advertising budget of ₹10,000.

Campaign	Budget	Percentage
Google Search Ads	₹7,000	70%
Google Display Ads	₹2,000	20%
Testing and Optimization	₹1,000	10%
Total	**₹10,000**	**100%**

Reason: Search Ads receive the highest budget because they target users actively searching for agricultural machinery. Display Ads help increase brand awareness, while the testing budget supports performance improvements.

3. Keyword Research Table

Keyword	Match Type	Search Intent
agricultural machinery Gujarat	Phrase	Commercial
power reaper price	Phrase	Commercial
power weeder price	Phrase	Commercial
power thresher machine	Phrase	Commercial
agricultural equipment dealer Gujarat	Phrase	Commercial
buy power reaper	Exact	Transactional
buy power weeder	Exact	Transactional
farming machinery Gujarat	Phrase	Commercial
agricultural spare parts	Phrase	Commercial
power reaper dealer near me	Phrase	Local

Negative Keywords:

1. Free
2. Jobs
3. Salary
4. Second hand
5. Repair jobs
6. DIY
7. Used machinery

These negative keywords help reduce irrelevant clicks and improve the relevance of the campaign. They should be reviewed before applying because some terms may be relevant to specific business offerings.

4. Google Search Ad Copy

Final URL: https://www.example.com/agricultural-machinery

Note: This is a sample URL for the assignment. It must be replaced with the actual landing page URL before launching a real campaign.

Display URL: www.example.com/Agriculture/Machines

Headlines:

1. Agricultural Machinery Gujarat
2. Buy Quality Power Reapers
3. Power Weeder at Best Prices
4. Explore Power Thresher
5. Reliable Farming Equipment
6. Agricultural Tools & Spares
7. Contact Power Sales Agency
8. Machinery for Modern Farming
9. Get Product Information Today
10. Enquire for Agricultural Tools

Descriptions:

1. Explore Power Reapers, Power Weeders, Power Threshers and agricultural machinery for your farming needs.
2. Looking for reliable farming equipment? Contact Power Sales Agency for product details and pricing.
3. Find agricultural machinery and spare parts for your requirements. Enquire today for more information.
4. Connect with Power Sales Agency in Gujarat to discuss machinery options and product availability.

Call to Action: Call Now / Get a Quote

5. Display Ad Concept

Ad Format: Medium Rectangle – 300 × 250 pixels.

Design Concept:

- Business name: POWER SALES AGENCY
- Main headline: “Upgrade Your Farming with Power”
- Product focus: Power Reaper and Power Weeder
- Supporting text: “Reliable Agricultural Machinery”
- CTA button: “Enquire Now”

- Visual style: Clean agricultural theme with green, white, and dark green colours.
- Imagery: High-quality photographs of the actual agricultural machinery.
- Branding: Use the official business logo.

Purpose: To build brand awareness and encourage interested users to visit the website or enquire about products.

6. Landing Page Suggestions

The landing page should be simple, mobile-friendly, and focused on generating enquiries.

Recommended sections:

1. **Hero Section:** A clear headline such as "Agricultural Machinery for Your Farming Needs" with a product image and an Enquire Now button.
2. **Product Section:** Display Power Reaper, Power Weeder, Power Thresher, and available spare parts.
3. **Product Details:** Include specifications, key features, usage, and pricing or a request-for-quotation option.
4. **Contact Section:** Add phone number, WhatsApp contact, business address, and an enquiry form.
5. **Trust Section:** Show genuine product photographs, customer testimonials where available, and relevant business information.
6. **Mobile Optimization:** Ensure fast loading, readable text, and easy-to-tap buttons.
7. **Conversion Tracking:** Track phone clicks, WhatsApp clicks, form submissions, and qualified enquiries.

7. Expected Results

The following figures are illustrative estimates for a ₹10,000 campaign, not guaranteed results.

Metric	Expected Estimate
Total Budget	₹10,000
Average Search CPC	₹20–₹35
Estimated Search Clicks	200–350
Expected Search CTR	4%–8%
Estimated Leads	8–20
Estimated Cost per Lead	₹500–₹1,250

Assumptions: These estimates depend on competition, keyword demand, landing page quality, targeting, and the quality of the offer. Actual results may be higher or lower. The lead estimate assumes that the campaign attracts relevant visitors and converts a reasonable proportion of them into enquiries.

8. Optimization Strategy

1. **Keyword Optimization:** Review search terms regularly and pause irrelevant keywords.
2. **Negative Keywords:** Add unrelated searches to the negative keyword list to reduce wasted spend.
3. **Ad Copy Testing:** Test different headlines, descriptions, and calls to action.
4. **Location Targeting:** Focus on relevant areas of Gujarat and monitor lead quality by location.
5. **Budget Optimization:** Allocate more budget to campaigns and keywords generating qualified leads at a sustainable cost.
6. **Landing Page Improvements:** Improve mobile speed, product information, enquiry forms, and contact visibility.
7. **Conversion Tracking:** Track valid phone calls, WhatsApp enquiries, and form submissions instead of judging performance only by clicks.
8. **Performance Review:** Monitor CTR, CPC, conversions, cost per lead, and lead quality weekly.
9. **Display Campaign Optimization:** Review placements and exclude irrelevant websites or apps where appropriate.
10. **Continuous Improvement:** Test changes systematically and use actual campaign data to decide the next steps.

Conclusion

This PPC strategy is designed to help Power Sales Agency promote agricultural machinery, reach relevant buyers in Gujarat, and generate qualified enquiries within a sample budget of ₹10,000. By combining Google Search Ads with Display Ads, optimizing keywords, and tracking conversions, the business can improve campaign efficiency and make better advertising decisions based on actual performance data.
